

The Creation Story

The Bible tells us that God created the heaven and the earth. Gen 1:1.

Here below are some pictures of what God created. Can you name all? Ask your parent/teacher to help you.

Just think of all the animals inside the water/sea, on land and in the air! Can you name all? Some are so small that the human eyes cannot see except with an enlarged glass. Yet God knows them all!! What you even think inside your heart He knows. Great God!!!

Can you spend 10 minutes to worship Him for being this great?
